

International Recruitment specialists for the Semiconductor, Component and Cleantech Sectors

PSD is a leading executive and management recruitment business with a reputation built on our ability to deliver outstanding results and exceptional levels of service.

Our Semiconductors, Components & Cleantech practice positions itself as a leading provider of both retained and high-end contingency recruitment services for Middle and Senior Management. We provide solutions to the world's leading established organisations as well as to venture capital-backed enterprises where we have helped build and shape their leadership teams.

A dedicated team of Consultants based throughout Europe and Asia, with access to the North America marketplace, provide specialist industry and functional recruitment expertise, delivering technical and commercial professionals dedicated to:

- ♦ Semiconductors
- ♦ Components
- ♦ EDA
- ♦ Solar Energy
- ♦ Wind & Water Energy
- ♦ Energy Storage (fuel cells, batteries, etc)
- ♦ Biogas

FUNCTIONS

We operate across all functions in this sector and provide specialist expertise in the following areas:

- ♦ Sales & Marketing
- ♦ Application
- ♦ Research & Development
- ♦ Purchasing & Logistics
- ♦ HR
- ♦ Communications
- ♦ IT
- ♦ Finance

RECRUITMENT SERVICES

Operating at executive, management and board level, we provide comprehensive recruitment services for both single appointments and large scale assignments delivered through a rigorous project management system.

Our approach is open and collaborative and recommendations are made only after careful consideration and analysis of clients' specific needs. Our core services are:

- ♦ Executive Search
- ♦ Advertised Search
- ♦ Contingency Search
- ♦ Contract & Interim
- ♦ Assessment Centres & Testing

OUR VALUES

PSD has a values-based culture embracing open-mindedness, commitment, accessibility, adaptability, partnership and success, which provides us with a cohesive sense of who we are and what we want to be.
